## Career Objective

Aspiring to be part of a challenging and progressive work environment where I can apply my skills, support organizational goals, and continuously learn and evolve professionally.

## Education

Course	College	Board/University	Year	Percentage/CGPA
Bachelor of Technology (Computer Science and Engineering)	VMTW Engineering College	JNTUH University	2021-present	7.2
Intermediate in MPC	Sri Chaitanya Junior Kalasala	Board of Intermediate Education	2019-2021	75%
SSC	Nagarjuna Group of Schools	Board of Secondary Education	2019	9.5

## Project Experience

- **Authenticity Classification for Job Postings Using ML techniques**
  - I have led and worked as a developer in a team for a project on fake job posting detection. My work role included preprocessing the job data, implementing classification models (Naive Bayes, Random Forest, and SVM), comparing their performance, and documenting the process.
- **Enhanced IOT- Based System for Real-Time Water Quality Monitoring.**
  - As part of this project, I have worked on integrating smart sensors to measure parameters like turbidity, temperature, and TDS, sending data to the cloud, setting up real-time email alerts, and helping display results on a mobile interface for continuous 24/7 monitoring and quick contamination response.

## Declaration

I hereby declare that the above information and particulars are true and correct to the best of my knowledge and belief.

## Technical Skills

Python	Java	C
Data Structures	DBMS	Sql

## Professional Skills

- Good Communication
- Leadership
- Team work
- Public Speaking
- Time management
- Critical Thinking

## Achievements

- Winner in Technical Quiz in college fest.
- Participated in workshops in the college.
- Organized events in college level.
